Saint Anselm College
GRADUATE PROGRAMS

MEd COURSE OFFERINGS 2026-2027

The majority of courses are offered online asynchronously. One course is offered in-person in the evening (after school hours). Courses are offered in the summer and during the school year. Graduate students enrolled full-time will take four courses the first summer of the program online (ED510, ED520, ED530, and ED600).

In the fall they take two courses (ED540 & ED560), two courses in the spring, and one to two semesters of internship.

It is recommended that graduate students, enrolled part-time take ED510 as a foundational course before other courses. Thereafter, students may take one to two courses per semester. The internship will be individually arranged with students.

Course	Title	Summer Session 1	Summer Session 2	Fall Semester	Spring Semester
ED 510	**Ethical and Legal Influence on Educational Practices of Students with Diverse Abilities** (online asynchronous)	●			
ED 520	**Differentiated Curriculum and Targeted Instruction** (online asynchronous)	●			
ED 530	**Positive Behavior Supports** (online asynchronous)		●		
ED 600	**Research Foundations and Design** (online asynchronous)		●		
ED 540	**Consultation and Collaboration wtih Families, Schools, and Communities** (online asynchronous)			●	
ED 560	**Assessment for Instructional Design and Decision Making** (in-person)			●
