About the SACSC	23

These results are from a Saint Anselm College Survey Center online poll conducted on behalf of the Saint Anselm College Center for Ethics in Society based on online surveys of 1171 New Hampshire registered voters. Surveys were collected between June 27th and 29th, 2021, from cell phone users randomly drawn from a sample of registered voters reflecting the demographic and partisan characteristics of the voting population. The survey has an overall margin of sampling error of +/- 2.9% with a confidence interval of 95%. The data are weighted for age, gender, geography, and education based on a voter demographic model derived from historical voting patterns, but are not weighted by party registration or party identification.

Statements

“For the next several questions, you will read a statement about housing in New Hampshire. After each, please indicate if you agree or disagree with that statement.”

Q1) “My community needs more affordable housing to be built.”

Q2) “New Hampshire towns and cities should relax their planning and zoning regulations in order to allow more housing to be built.”

Q3) “New Hampshire communities should do more to prevent development and keep the state the way it is.”

Q4) “The New Hampshire legislature should set a hard limit on how long planning and zoning boards can take to review permits to build housing.”

Q5) “Our suburbs and rural towns should have mostly just single-family homes. Apartments, duplexes, and townhouses should be built only in cities.”

- Strongly Agree
- Somewhat Agree
- Somewhat Disagree
- Strongly Disagree
- Unsure

Legislative Proposal

Q6) State legislators have proposed a bill to allow property owners to build duplexes, triplexes, and fourplexes on any property served by municipal water and sewer, and where the zoning allows residential development. Based on what you know about this idea, would you support or oppose this proposal?

- Support
- Oppose
- Unsure

State legislators have proposed a bill to allow property owners to build duplexes, triplexes, and fourplexes on any property served by municipal water and sewer, and where the zoning allows residential development.
Based on what you know about this idea, would you support or oppose this proposal?

ABOUT THE SAINT ANSELM COLLEGE SURVEY CENTER

The Saint Anselm College Survey Center (SACSC) was founded in the wake of the 2016 election, and launched its first poll in February 2018 as the midterm elections were getting underway. Housed within the New Hampshire Institute of Politics at Saint Anselm College, the Center conducts quarterly polls of New Hampshire voter attitudes and additional polls as circumstances warrant. This research supports the academic mission of the College, and provides students with a practical education in survey techniques while providing the public at large with insight into political opinion trends that impact the state's federal and gubernatorial elections. The Center's political surveys were the most accurate New Hampshire election polling throughout the 2020 cycle. To support its operations, the Center performs commissioned research on behalf of nonprofit organizations and corporations.

For more information on SACSC, please visit:
