Parish nursing is a dynamic, growing specialty practice and a vocational and spiritual calling upon those who practice this profession.

The goals of the conference are to: 1) explore current trends for today’s parish nurses, 2) examine updates in Faith Community Nursing scope and standards, and 3) provide enrichment, encouragement, and opportunities to share program ideas to enhance your health ministry.

Participants will find this program to be informative and inspirational and will leave with practical tools that can be used in daily interactions in their professional and personal lives.

Join us for this day of reflection, conversation, celebration and renewal.
