From the National Association for College Admission Counseling Code of Ethics and Professional Practices:
Early Decision (ED): Students commit to a first-choice college and, if admitted, agree to enroll and withdraw their other college applications. This is the only application plan where students are required to accept a college's offer of admission and submit a deposit prior to May 1. While pursuing admission under an Early Decision plan, students may apply to other institutions under a Standard or Early Action Application plan, but may have only one Early Decision application pending at any time. Colleges must notify candidates of the decision within a clearly stated period of time. A nonrefundable deposit may be required before May 1. Colleges will respond to an application for financial aid at or near the time of an offer of admission and before a deposit is required. Should a student who applies for financial aid not be offered an award that makes attendance possible, the student may request a release from the Early Decision commitment. If a candidate is denied or deferred, an Early Decision application ceases to be binding.

If you are accepted to Saint Anselm College under our Early Decision plan, you must promptly withdraw the applications submitted to other colleges and universities and make no additional applications to any other university in any country. If you are an Early Decision candidate and are seeking financial aid, you need not withdraw other applications until you have received notification about financial aid from Saint Anselm.
