

Climate Survey 2022: Survey Structure & Responses

Start of Block: Default Block

Q6

The Saint Anselm College leadership is requesting your participation in a survey that will ascertain the incidence of unwanted sexual experiences and relationship aggression at Saint Anselm College. The survey was created by a New Hampshire task force appointed under NH RSA 188-H. All institutions of higher education in NH are required to administer this survey biennially and submit their results to the state Department of Education.

The purpose of this survey is to answer the following questions:

- How often do these things happen during a student's educational experience?
- What are the impacts and who do individuals experiencing these things tell?
- How do students feel about the college's response to sexual misconduct?

Answers to these questions are important for developing policies and prevention tools to reduce the number of these incidents on campus and to offer better support systems for students who have experienced them.

The questionnaire takes about 15 minutes to complete. Your participation is voluntary, and you may choose to skip questions or stop responding **at any point**. However, your cooperation would be greatly appreciated and would contribute to our understanding of a very important aspect of student life at Saint Anselm College. We are committed to ensuring a safe, healthy, and nondiscriminatory environment for our students and your participation in this survey will help us in our work to keep all students safe.

If you agree to participate, you can be assured that your responses are completely anonymous. Your responses will be reported in terms of groups of students rather than as individual cases. Your questionnaire will be assigned a number and will be referred to in terms of that number, which is in no way associated with you personally.

Some of the questions will ask about sexual and personal information. Some individuals might experience emotional discomfort while answering some of the questions. At the end of the survey you will be given information about resources should you wish to talk with someone further. **You may stop your participation at any time, or choose not to answer particular questions without penalty.**

If you have questions about this survey, you may contact Mr. Andrew Litz, Title IX Coordinator at titleixcoor@anselm.edu.

ELECTRONIC CONSENT: Please select your choice below.

Clicking on the "agree" button below indicates that:

- you have read the above information
- you voluntarily agree to participate
- you are at least 18 years of age

If you do not wish to participate in the survey, please decline participation by clicking on the "disagree" button.

Survey Results

The Saint Anselm College leadership is requesting your participation in a survey that will ascertain the incidence of unwanted sexual experiences and relationship aggression at Saint Anselm College. The survey was created by a New Hampshire task force appointed under NH RSA 188-H. All institutions of higher education in NH are required to administer this survey biennially and submit their results to the state Department of Education.

The purpose of this survey is to answer the following questions:

- How often do these things happen during a student's educational experience?
- What are the impacts and who do individuals experiencing these things tell?
- How do students feel about the college's response to sexual misconduct?

Answers to these questions are important for developing policies and prevention tools to reduce the number of these incidents on campus and to offer better support systems for students who have experienced them.

The questionnaire takes about 15 minutes to complete. Your participation is voluntary, and you may choose to skip questions or stop responding **at any point**. However, your cooperation would be greatly appreciated and would contribute to our understanding of a very important aspect of student life at Saint Anselm College. We are committed to ensuring a safe, healthy, and nondiscriminatory environment for our students and your participation in this survey will help us in our work to keep all students safe.

If you agree to participate, you can be assured that your responses are completely anonymous. Your responses will be reported in terms of groups of students rather than as individual cases. Your questionnaire will be assigned a number and will be referred to in terms of that number, which is in no way associated with you personally.

Some of the questions will ask about sexual and personal information. Some individuals might experience emotional discomfort while answering some of the questions. At the end of the survey you will be given information about resources should you wish to talk with someone further. **You may stop your participation at any time, or choose not to answer particular questions without penalty.**

If you have questions about this survey, you may contact Mr. Andrew Litz, Title IX Coordinator at titleixcoor@anselm.edu.

ELECTRONIC CONSENT: Please select your choice below.

Clicking on the "agree" button below indicates that:

- you have read the above information
- you voluntarily agree to participate
- you are at least 18 years of age

If you do not wish to participate in the survey, please decline participation by clicking on the "disagree" button.

MODULE 7 - SEXUAL VIOLENCE VICTIMIZATION

A. Sexual Violence Victimization Prevalence

Instructions: The following questions concern sexual experiences that you may have had that were unwanted. We know that these are personal questions, so we did not ask your name or other identifying information. Your information is completely confidential. We hope that this helps you to feel comfortable answering each question honestly. Check the number showing the number of times each experience has happened to you. If several experiences occurred on the same occasion - you should indicate both. We want to know about your experiences since you enrolled at Saint Anselm College. These experiences could occur on or off-campus, when school is in session or when you are on break.
