Typically evening classes begin at 5:00 PM or later. Evening classes meeting twice a week may hold the exam on either night.		
Asynchronous finals must be due during the final exam period and not during reading days.		
We recommend the following due dates for asynchronous finals: the first day of finals--May 10; the midpoint of finals--May 12; or the last day of finals.		
Due dates for asynchronous finals should be clearly communicated to students, and it is still the college's policy that no student should have to take 3 finals in one day.
