GENERAL INFORMATION:

Academic Regulations

The summer courses at Saint Anselm College are intensive academic experiences, with each class providing a highly concentrated continuous immersion in one subject area. The intensity of the program allows for an in-depth coverage well beyond the usual. **No student is allowed to take more than two courses in any one session or in any two sessions whose schedules overlap.** Students are expected to attend all classes. Instructors may take absences into account when determining a student's academic standing and course grade.

Students who register for a course and then fail to log on and participate in the course but do not notify the Director of Summer School of their intent to withdraw will be removed from the course during week 2 of the session. This will result in a 20 percent refund of tuition.

Accreditation and Memberships

Saint Anselm College is accredited by the New England Association of Schools and Colleges. It holds membership in the Association of American Colleges, the American Council on Education, the National Catholic Educational Association, and the National Association of Independent Colleges and Universities. For a complete list, please refer to the College Catalogue.

Saint Anselm College is a co-educational institution. All courses are on the undergraduate level and have been selected to enable:

1. Undergraduate students to accelerate programs, to supplement their academic programs, and/or to make up deficiencies.
2. High school graduates or competent high school seniors to start their college programs, and/or to strengthen a particular area of academic need.
3. People to undertake studies which will further their personal and vocational goals.

Who May Enroll

Saint Anselm College actively seeks a diversity of students. The College admits students of any race, creed, color, national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, creed, national and ethnic origin in administration of its educational policies, admissions policies, scholarships and loan programs, and athletic and other school-administered programs.

Transfer of Credit to Other Institutions

College undergraduates who desire that credits earned be applied to their college degree programs should have their summer session course selection approved by an appropriate official of their college or university. All official transcripts must be requested online through <http://transcriptsplus.net/order>.

Transcripts will be issued only when all financial accounts have been settled. The transcript fee is \$6.00 per copy.
